

CraftSmart®

Fiber Outlet

Application

The CraftSmart Fiber Outlet allows for easy demarcation inside the premise and cable management for incoming feeder cable.

Description

The CraftSmart Fiber Outlet can accommodate 4 entrance points for 3mm cable and up to 4 output of SC adapter ports. The splice cassette is hinged and easily removable for non-splicing applications. This small indoor enclosure provides both bend limiting protection and a secure termination point to connect the entrance fiber to the included equipment jumper.

Features and Benefits

Integrity

- Supports industry standard SC adapters

Protection

- Snap-on cover for duct free protection

Access

- Easy installation
- Accommodates 4 adapter ports
- Four cable entrance points

Investment

- Cables can be connected without splicing
- Hinged and detachable splice tray
