

FieldSmart® Cabinet Riser Kits

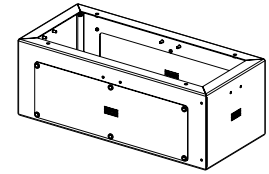

288 PON 4" Riser

288 PON 12" Riser

576 PON 4" Riser

576 PON 12" Riser

Description

The FieldSmart Cabinet Riser kits have been designed to be used with any Clearfield Passive FSC or FDH cabinet.

The unique two part design, allows these riser kits to be added to the cabinet at any time, without disrupting service within the network. Constructed with .125 aluminum, these risers are available in both 4" and 12" heights and have the ability to be stacked, allowing the customer to raise each cabinet to the desired height. ALL 12" Riser kits include a rear access door and are available with an optional Ground Box.

576 PON 12" Riser with
Optional Ground Box
