FieldShield®
Accessories - Turn Table

Application

The FieldShield Turn Table assists in the deployment of the patch only models of the FieldShield SmarTerminal.

Description

Patch Only SmarTerminals are mounted on a spool (the size of spool is dependent on the fiber length). Carefully remove the spool from packaging and place the cable spool over the center post of the Deploy Reel. Once installed, the fiber can easily be pulled without damaging or tangling the fiber. The FieldShield Turn Table for deploying FieldShield products provides a sturdy base and turn table to safely deploy the feeder fiber while protecting the SmarTerminal during installation.

Features and Benefits

Integrity
- Wide/sturdy base allows for fibers to be deployed with use of Turn Table
Protection
- Plastic construction allows for use in all environments

Access
- Two different sizes for multiple spool sizes

Investment
- Units can be used multiple times for additional projects

Pre-Configured Part Numbers

Part Number	Description
FMA-XXX-100	Turn Table, Small, for deploying FieldShield products, 12" base (304.80 mm)
FMA-XXX-101	Turn Table, Large, for deploying FieldShield products, 24" base (609.60 mm)
