

Cable Management Rings

Cable Management Rings make it easy and simple to secure and organize cables within the enclosure. The design configuration allows cables to go into the cable management rings easily and helps to prevent the cables from falling out, providing a neat and clean look for the enclosure cable management.

Pre-Configured Part Numbers

Part Number	Description
NCM-R2X3	NOVA Cable Management Ring, 2”H X 3”W
NCM-R3X3	NOVA Cable Management Ring, 3”H X 3”W
NCM-R3X4	NOVA Cable Management Ring, 3”H X 4”W
NCM-R4X5	NOVA Cable Management Ring, 4”H X 5”W

Velcro Saddles

Velcro Saddles provide an easy and versatile way to organize cables. The saddles are made up of a 8” piece of Velcro formed into a loop. The saddles are typically mounted to a Vertical Support Bar or can be mounted in numerous other places.

Pre-Configured Part Numbers

Part Number	Description
NCS-05	NOVA Velcro Cable Saddle, pack of 5
NCS-10	NOVA Velcro Cable Saddle, pack of 10

Fiber Rings

Fiber Rings are designed to organize and help keep fiber runs from kinking and bending when they are run through the enclosure.

Pre-Configured Part Numbers

Part Number	Description
NFM-2X5D	NOVA Fiber Rings, 2”H X 5”W
NFM-3X5D	NOVA Fiber Rings, 3”H X 5”W
NFM-4X5D	NOVA Fiber Rings, 4” X 5”W

Lacing Panel

Lacing Panels give our customers the ability to mount up to two PDUs side by side using toolless button mounting on the rear of PDUs. The lacing panel also has a variety of additional mounting holes for cable management.

Pre-Configured Part Numbers

Part Number	Description
NLP-45U	NOVA Lacing Panel, 45U
NLP-52U	NOVA Lacing Panel, 52U
NLP-59U	NOVA Lacing Panel, 59U

Cable Channels

Clearfield's in-rack Cable Channels provide a streamlined solution for organizing and routing cables within the enclosure. These channels guide power and data cables vertically along the rack, keeping them secure and accessible. Vertical Cable Channels can be installed inside the rack or along the exterior, offering flexible options to manage cables efficiently in any data center or network environment.

Pre-Configured Part Numbers - Vertical

Part Number	Description
NCC-24-24U	NOVA Network Cabinet Cable Channel, 24U
NCC-24-42U	NOVA Network Cabinet Cable Channel, 42U
NCC-24-44U	NOVA Network Cabinet Cable Channel, 44U
NCC-24-48U	NOVA Network Cabinet Cable Channel, 48U
NCC-24-52U	NOVA Network Cabinet Cable Channel, 52U

Pre-Configured Part Numbers - Horizontal

Part Number	Description
NHC-1U4	NOVA Horizontal Cable Manager 4" Fingers, 1U
NHC-2U4	NOVA Horizontal Cable Manager 4" Fingers, 2U
NHC-2U6	NOVA Horizontal Cable Manager 6" Fingers, 2U
NHC-2U4-E	NOVA Horizontal Cable Manager 4" Fingers, 2U, Extended Cover
NHC-2U4-E2	NOVA Horizontal Cable Manager 4" Fingers, 2U, Extended Cover, Double Sided
NHC-2U6-E	NOVA Horizontal Cable Manager 6" Fingers, 2U, Extended Cover
NHC-4U6	NOVA Horizontal Cable Manager 6" Fingers, 4U
NHC-2U4-2	NOVA Horizontal Cable Manager 4" Fingers, 2U, Double Sided
NHC-4U4	NOVA Horizontal Cable Manager 4" Fingers, 4U

Vertical Cable Finger Managers – Network Cabinet

Vertical Cable Managers provide a simple and effective solution for organizing and routing cables within a rack, made from durable plastic, these managers feature slots or fingers that allow cables to be neatly guided along the vertical sides of the rack reducing clutter, preventing tangling, and maintaining proper bend radius for sensitive fiber.

Pre-Configured Part Numbers

Part Number	Description
NFK-24U	NOVA Network Cabinet Vertical Cable Finger Manager Kit, 24U
NFK-42U	NOVA Network Cabinet Vertical Cable Finger Manager Kit, 42U
NFK-44U	NOVA Network Cabinet Vertical Cable Finger Manager Kit, 44U
NFK-48U	NOVA Network Cabinet Vertical Cable Finger Manager Kit, 48U
NFK-52U	NOVA Network Cabinet Vertical Cable Finger Manager Kit, 52U

Vertical Cable Finger Managers – Four Post Rack

Vertical Cable Managers provide a simple and effective solution for organizing and routing cables within a rack, made from durable plastic, these managers feature slots or fingers that allow cables to be neatly guided along the vertical sides of the rack reducing clutter, preventing tangling, and maintaining proper bend radius for sensitive fiber.

Pre-Configured Part Numbers

Part Number	Description
NVC-45U6	NOVA Four Post Rack Vertical Cable Managers, 45U, 6"W
NVC-45U10	NOVA Four Post Rack Vertical Cable Managers, 45U, 10"W
NVC-45U12	NOVA Four Post Rack Vertical Cable Managers, 45U, 12"W
NVC-52U6	NOVA Four Post Rack Vertical Cable Managers, 52U, 6"W
NVC-52U10	NOVA Four Post Rack Vertical Cable Managers, 52U, 10"W
NVC-52U12	NOVA Four Post Rack Vertical Cable Managers, 52U, 12"W
NVC-59U6	NOVA Four Post Rack Vertical Cable Managers, 59U, 6"W
NVC-59U10	NOVA Four Post Rack Vertical Cable Managers, 59U, 10"W
NVC-59U12	NOVA Four Post Rack Vertical Cable Managers, 59U, 12"W

Blanking Panels

Optimize the performance and efficiency of your rack systems with Clearfield's blanking panels. Designed to improve airflow management, these panels help channel air precisely where it's needed, reducing hot spots, enhancing cooling efficiency, and promoting longer equipment life.

Pre-Configured Part Numbers

Part Number	Description
NBP-19X1U	NOVA Blanking Panel, 19" Mounting, 1RU
NBP-19X2U	NOVA Blanking Panel, 19" Mounting, 2RU
NBP-19X4U	NOVA Blanking Panel, 19" Mounting, 4RU
NBP-19X8U	NOVA Blanking Panel, 19" Mounting, 8RU
NBP-23X1U	NOVA Blanking Panel, 23" Mounting, 1RU
NBP-23X2U	NOVA Blanking Panel, 23" Mounting, 2RU
NBP-23X4U	NOVA Blanking Panel, 23" Mounting, 4RU
NBP-23X8U	NOVA Blanking Panel, 23" Mounting, 8RU

Top Panel Brush Kit

Top Panel with brushed cable entry cutouts are designed to maintain optimal front to rear airflow while allowing fiber, cables, and cords to pass through the enclosure. The nylon brushes also help prevent dust and debris from entering, keeping your equipment clean and protected.

Pre-Configured Part Numbers

Part Number	Description
NNB-KIT	NOVA Network Cabinet Top Panel Brush Kit
